

## Time Recorder BÜRK ZWS Pro 40.10

The new BÜRK ZWS Pro 40.10 with 7" TFT touchscreen is a powerful multi-terminal for automated personnel time tracking. Employee identification is done contactlessly using RFID transponders or chip cards. The anti-reflective color display with its wide viewing angle is very easy to read day and night. Extra-large icons for easy operation are shown on the user-friendly display. These are operated via the touch-

screen. Additional information, such as account balance, remaining vacation etc. can be displayed depending on the configuration. Thanks to the uncomplicated wall mounting, quick commissioning is guaranteed. The power supply is via PoE or 12 volt power supply. This robust device is designed for environments from -10°C to +40°C.
